

## THE FLEXIPRO SIT-STAND-MOVE DESK \$390

Keep your work-life balance with this lightweight and foldable sit-stand-move desk that is dynamic as you need it to be:

- **Alternate between sitting and standing** while you are working, using the easy gas lift pedal.
- **Adjust the angle of the desk top** for an even more ergonomic working environment.
- **Move it around the house** to shift your working space according to your needs and mood (yes – you can even take it to the back yard).
- And most importantly – **fold it flat and store away** when you're done (lying down or standing up), and make room for your family and friends.

It is truly the perfect flexible addition to your home office, classroom or workplace. [Watch in live action.](#)
